NUTRAFUEL LIFE SCIENCES R&D is firming up "Ideation to Delivery" Model.

NutraFuel Life Sciences R&D cum Development centre is continuously working on New Product Development is concurrent to emerging trend in Nutraceutical industry. The Scientists at our R&D centre are taking innovation to the next level, where the objective is to design the best formulation to manage the disease condition and to improve Quality of Life. In the quest of doing so, R&D is collaborating with other development centre to offer varied dosage format to set forth Formulation & Development capabilities for

- Tablets formulation
- Capsules formulation
- Effervescent Tablets formulation
- Syrups Formulation
- Sachets Formulation
- Protein Powder Formulation

These formats will be commercialized at third party contract manufacturing site with all prerequisite compliance of Regulatory, Production, Quality control, Quality Assurance & Inhouse Designing.

*Formulation development can be customized based on product positioning and customer requirement.
